

# CLOUD CO-LEAD @ GDSC

## Google Developer Student Clubs

### INTRODUCTION

Since joining GDSC on August 21, 2023, as Domain Co-Lead with a specialization in cloud computing, my contributions have been marked by active involvement in events featuring speakers such as JK Gunnink. **Noteworthy among these efforts was the successful coordination of the Google Cloud Study Jam throughout October.** This report encapsulates my role, achievements, and the impact of my initiatives within GDSC, emphasizing the significant strides made in fostering a deeper understanding of cloud computing technologies among the community.

## Cloud Technology session

Google Cloud Technology session by expert JK Gunnink, covered the advantages of using Google Cloud over other providers.

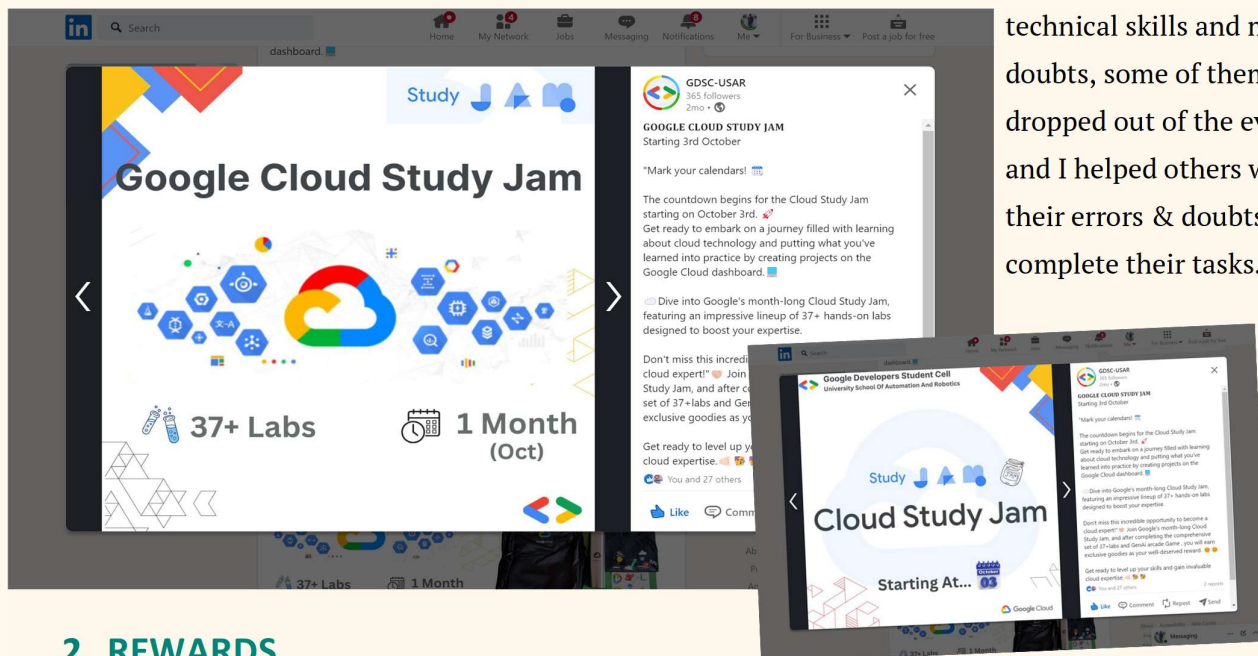

## GOOGLE CLOUD STUDY JAM

Google was offering a month-long Cloud Study Jam to help take your cloud expertise to the next level. The study jam features 37+ hands-on labs designed to boost your skills, as well as a GenAI arcade game where you can earn exclusive goodies.

### 1. REGISTRATION & ACHIEVEMENT OF TARGETS

Google Cloud Study Jam was a month-long competition that saw active registration from all branches and all students of USAR. Later we found that juniors were difficult to work with because they had less

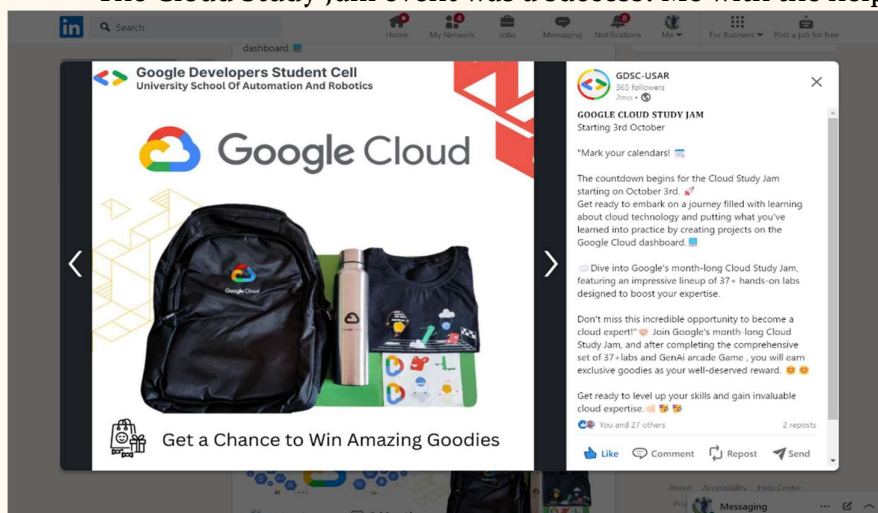

technical skills and more doubts, some of them dropped out of the event and I helped others with their errors & doubts, complete their tasks.

### 2. REWARDS

The Cloud Study Jam event was a success! Me with the help of the Cloud Domain Lead and

Club Lead, all 80 students were able to complete all 40+ labs (more than 50 hours of work). As a result of achieving Tier #1, all 80 students will receive goodies, including a Google Cloud certificate, bag, T-shirt, bottle, and stickers.
